PROFESSIONAL SUMMARY

DevSecOps-oriented cybersecurity professional with hands-on experience in penetration testing, vulnerability assessment, and security automation gained through multiple internships and real-world projects. Skilled in integrating security practices into development and operations pipelines. Built security tools including a malware analysis sandbox, web vulnerability scanner, and DDoS protection system. Committed to identifying risks, strengthening defenses, and helping organizations enhance their overall security posture through proactive assessment and remediation.

WORK EXPERIENCE

SOC Analyst Trainee

Innspark | Delhi | June 2026 – Present

- Gained hands-on experience with **BDSAP SIEM** — understanding log generation pipelines, correlation rules, and alert triage workflows.
- Performed **threat hunting** by analyzing security events, identifying IOCs, and investigating suspicious patterns across network and endpoint telemetry.
- Conducted **VAPT (Vulnerability Assessment & Penetration Testing)** exercises, strengthening skills in identifying and exploiting vulnerabilities in controlled environments.

Penetration Tester Intern

Deltaware Solutions | June 2025 – July 2025 | [Certificate](#)

- Conducted network-level vulnerability assessments using Nessus, identifying critical misconfigurations and unpatched services.
- Developed a multi-threaded Python-based password cracker to demonstrate risk exposure in brute-force scenarios.

Security Tester Intern

Bornsec | April 2025 – June 2025 | [Certificate](#)

- Utilized Burp Suite and Nessus for hybrid manual/automated auditing, ensuring strict compliance with OWASP Top 10 standards.
- Authored detailed technical reports with remediation strategies, directly improving client security posture.

Networking and Cybersecurity Intern

Megamind IT Services | March 2025 – August 2025 | [Certificate](#)

- Analyzed network traffic with Wireshark to detect intrusion attempts and protocol anomalies.
- Designed social engineering simulations that significantly increased employee security awareness and phishing resilience.

PROJECTS

Malware Analysis Sandbox — [Repository](#)

A secure virtualized environment utilizing custom Python scripts for behavior profiling and indicator of compromise (IOC) extraction from suspicious binaries.

Tech Stack: Static/Dynamic Analysis, Python, Cuckoo

Vulnerability Automation Suite — [Repository](#)

High-performance Python scanner specializing in deep-crawl detection for SQL Injection (SQLi) and Cross-Site Scripting (XSS), with integrated logic to bypass common WAF filters.

Tech Stack: Security Automation, OWASP Top 10, WAF Bypass

Shield Guardian (IPS/IDS) — [Repository](#)

Real-time DDoS detection system utilizing rate-limiting and behavioral anomaly detection to proactively block volumetric attacks at the firewall level.

Tech Stack: Intrusion Prevention System (IPS), Intrusion Detection System (IDS), Networking, Firewall Automation

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Business Systems (CSBS)

Ganpat University | Graduated: 2025 | CGPA: 6.5

CERTIFICATIONS

Jr Penetration Tester — April 2026 | [Certificate](#)

DevSecOps — March 2026 | [Certificate](#)

TryHackMe Offensive Pentesting — March 2026 | [Certificate](#)

Cisco Ethical Hacker — September 2024 | [Certificate](#)

EC-Council SQL Injection — August 2024 | [Certificate](#)

Ethical Hacking Bundle — December 2023 | [Certificate](#)

TECHNICAL SKILLS

Security Tools: Nmap, Burp Suite, Nessus, Wireshark, Metasploit, Cuckoo Sandbox, Docker, Kubernetes, BDSAP SIEM

DevSecOps: CI/CD Pipeline Security, SAST/DAST, Secure SDLC (SSDLC), Infrastructure as Code (IaC), Container Security

Core Competencies: Vulnerability Assessment, Penetration Testing (VAPT), Threat Hunting, Security Operations (SOC), Log Analysis, Malware Analysis, SQL Injection, Cross-Site Scripting (XSS), Social Engineering, Network Security

Programming: Python, Bash, Linux Administration

Soft Skills: Problem Solving, Team Collaboration, Adaptability, Communication, Time Management

LANGUAGES

- **English** — Fluent
- **Hindi** — Fluent
